Although he produced numerous operas and other songs throughout his career it is his opera Pagliacci (1892) that remained his lasting contribution, despite attempts to escape the shadow of his greatest success. Today he remains largely known for Pagliacci, one of the most popular and frequently performed works in the opera repertory.

Pier Paolo Pasolini (1922-1975) was arguably the most complex director of postwar Italian cinema. His films—*Accattone*, *The Canterbury Tales*, *Medea*, *Saló*—continue to challenge and entertain new generations of moviegoers. A leftist, a homosexual, and a distinguished writer of fiction, poetry, and criticism, Pasolini once claimed that "a certain realism" informed his filmmaking. Masterfully combining analyses of Pasolini's literary and theoretical writings and of all his films, Maurizio Viano offers the first thorough study of Pasolini's cinematic realism, in theory and in practice. He finds that Pasolini's cinematic career exemplifies an "expressionistic realism" that acknowledges its subjective foundation instead of striving for an impossible objectivity. Focusing on the personal and expressionistic dimensions of Pasolini's cinema, Viano also argues that homosexuality is present in the films in ways that critics have thus far failed to acknowledge. Sure to generate controversy among film scholars, Italianists, and fans of the director's work, this accessible film-by-film treatment is an ideal companion for anyone watching Pasolini's films on video.

This collection examines the multifaceted opus of Pier Paolo Pasolini through a contemporary critical lens. It offers new interpretations to some classic works such

as Salò or the 120 Days of Sodom and Decameron while considering some lesser studied pieces, for example Orestia and his Friulian verse.

Drawing upon Italy's distinct socio-cultural history as well as feminist and psychoanalytic approaches to film, Colleen Ryan-Scheutz explores the ways in which Pasolini's representations of women reveal his concerns about the corruption of modern society.

Συναγωνίζεσθαι, the ancient Greek verb chosen as the title of this volume, belongs to the jargon of dramaturgy as employed by Aristotle in Poetics, where he emphasizes the function of the Chorus as an active co-protagonist in the dynamics of drama. Here it suggests the collaborative nature of this Festschrift offered to Guido Avezù in the year of his retirement by friends and colleagues. The volume collects a wide selection of contributions by international scholars, grouped into four sections: Greek Tragedy (Part 1), Greek Comedy (Part 2), Reception (Part 3), and Theatre and Beyond (Part 4).

This book explores the oneiric in Italian cinema from filmic representations and visualizations of dreams, nightmares, hallucinations, and dream-like and hypnotic states, to dreams as cinematic allegories and metaphors and the theoretical

frameworks applied to the investigation of this relationship.

The Exodus has a risky and combative character that links individuals to their unconscious, to the uncertainty of their reality, and to the possibility of the disturbing event of the incalculable arrival of the Other. This encounter with the unknown does not expect a messianic salvation but a human solution, which is aware that change requires the abandonment of self-referential identities. This eccentricity is more than evasive desertion or escapism, but an experiment with new modes of organizing community that grows on the responsibilities that go with it. This collected volume gathers contemporary philosophical perspectives on the Exodus, examining the story's symbolic potentials and dynamics in the light of current social political events. The imagination of the Promised Land, the figure of the migrant, the provisional and precarious dwelling of the camp, the promise of a better future or the gradual estrangement from inherited habits are all challenges of our time that are already conceptualized in the Exodus. The authors reaffirm the pertinence of the story by addressing the fundamental link between the ancient narrative and the human condition of the 21st century.
