"A man's way of doing things is the direct result of the way he thinks about things." "To get rich, you need only to use your will power upon yourself." Excerpt from chapter 1 - The Right to be Rich Whatever may be said in praise of poverty, the fact remains that it is not possible to live a really complete or successful life unless one is rich. No man can rise to his greatest possible height in talent or soul development unless he has plenty of money; for to unfold the soul and to develop talent he must have many things to use, and he cannot have these things unless he has money to buy them with. A man develops in mind, soul, and body by making use of things, and society is so organized that man must have money in order to become the possessor of things; therefore, the basis of all advancement for man must be the science of getting rich. The object of all life is development; and everything that lives has an inalienable right to all the development it is capable of attaining. Man's right to life means his right to have the free and unrestricted use of all the things which may be necessary to his fullest mental, spiritual, and physical unfoldment; or, in other
