Healing Justice and the Whole Self-Care is a book I recommend social workers to read for our social work training/curriculum does not address the importance of viewing how the mind and body affect our mental and physical health. This book brings the mind and body together in the healing process and self-care practices that as social workers and ...

The Kind Self-Healing Book is a workbook intended for adults who had traumatic childhoods. If your parents failed you, this book offers to help you "raise yourself": learn how to be both yourself, and your own parent. First I should say that, while my childhood was rocky in some ways, it was nowhere near what anyone would call "traumatic".

Possibly one of the best books on healing, self-help, and metaphysics out there. This book was recommended to me by my esthetician, of all people. Louise Hay informs you to read her book once, read it through again and then go through the exercises the second time around. It is a pretty ingenious book, that can help you move through any sort of ...
