Advances in medical genetics during the past two decades have made possible the detection and prevention of many genetic disorders and developmental disabilities. The emphasis of this book is on the application of these new developments to real-life situations. Covering homozygote newborn screening, heterozygote detection in the community, and pren

Young Candide is ejected from his idyllic life in a protected castle and finds himself encountering wild adventures and harsh trials that put to the test his teacher's claim that we live in the best of all possible worlds. Honest and simple to a fault, Candide finds that a bit of romance leads only to exile and sudden immersion in a larger and more frightening world. Armed with the optimistic teachings of his mentor Pangloss, he is soon astounded to be arrested, beaten and forced into military service. The author doesn't spare his hero, hurling him into a shipwreck, an earthquake, a tidal wave and a city-wide wildfire in short order. Pursuing his true love and reunited with Pangloss, who interprets each new setback, no matter how horrific, as another sign that everything happens for the best, Candide refuses to abandon hope but begins to question his teacher's bottomless optimism. An outrageous picaresque quest full of barbed observations about human behavior and belief, politics and institutions, Candide was condemned for the fiercely irreverent stance it delicately conceals beneath its hero's guileless nature and chain of extravagant adventures. Triumphant over censorship, the book has had profound influence on philosophy and politics since its first appearance in 1759, but remains a classic that can be read for pure pleasure. With an eye-catching new cover, and professionally typeset manuscript, this edition of Candide is both modern and readable.

For the first time ever, in a single volume, a comprehensive guide to horror and the supernatural in all the arts ... More than 50 essays and 600 entries covering authors, composers, visual artists, directors, actors, and movies that are connected in some way to horror tales or the supernatural. Also defines terms used with the supernatural.

"The Red and the Black" is a reflective novel about the rise of poor, intellectually gifted people to High Society. Set in 19th century France it portrays the era after the exile of Napoleon to St. Helena. The influential, sharp epigrams in striking prose, leave reader almost as intrigued by the author's talent as the surprising twists that occur in the arduous love life.

Winner of the 1974 National Book Award "A screaming comes across the sky. . ." A few months after the Germans' secret V-2 rocket bombs begin falling on London, British Intelligence discovers that a map of the city pinpointing the sexual conquests of one Lieutenant Tyrone Slothrop, U.S. Army, corresponds identically to a map showing the V-2 impact sites. The implications of this discovery will launch Slothrop on an amazing journey across war-torn Europe, fleeing an international cabal of military-industrial superpowers, in search of the mysterious Rocket 00000, through a wildly comic extravaganza that has been hailed in The New Republic as "the most profound and accomplished American novel since the end of World War II."

"Highbrow, brilliant." --The Approval Matrix, New York magazine One of Cosmopolitan's 12 Books You'll Be Dying to Read This Summer A Publishers Weekly Best Book of Summer 2020 A Vulture Best Book of Summer 2020 One of Refinery29's 25 Books You'll Want to Read This Summer An Esquire Must-Read Book of Summer 2020 A Book Riot Best Book of 2020 "so far The female cofounders of a wellness start-up struggle to find balance between being good people and doing good business, while trying to stay BFFs. Maren Gelb is on a company-imposed digital detox. She tweeted something terrible about the President's daughter, and as the COO of Richual, "the most inclusive online community platform for women to cultivate the practice of self-care and change the world by changing ourselves," it's a PR nightmare. Not only is CEO Devin Avery counting on Maren to be fully present for their next round of funding, but indispensable employee Khadijah Walker has been keeping a secret that will reveal just how feminist Richual's values actually are, and former Bachelorette contestant and Richual board member Evan Wiley is about to be embroiled in a sexual misconduct scandal that could destroy the company forever. Have you ever scrolled through Instagram and seen countless influencers who seem like experts at caring for themselves—from their yoga crop tops to their well-lit clean meals to their serumed skin and erudite-but-color-coded reading stack? Self Care delves into the lives and psyches of people working in the wellness industry and exposes the world behind the filter.

Longman's new Cultural Editions Series, Hard Times, by Charles Dickens, edited by Jeff Nunokawa, includes Books 1-3 of Hard Times and contextual materials on the age of Dickens.
