If Nigeria as a house has fallen, then it is due to the wrong foundation upon which the house was built which was the British mess and exploitation. Where Maier tried to remember that there was no nation like Nigeria before colonialism, he avoided telling the truth of the emergence of Nigeria as a consequence of British selfishness.

Nigeria, the United States' most important strategic partner in West Africa, is in grave trouble. While Nigerians often claim they are masters of dancing on the brink without falling off, the disastrous administration of President Goodluck Jonathan, the radical Islamic insurrection Boko Haram, and escalating violence in the delta and the north may finally provide the impetus that pushes it into the abyss of state failure. In this thoroughly updated edition, John Campbell explores Nigeria's post-colonial history and presents a nuanced explanation of the events and conditions that have carried this complex, dynamic, and very troubled giant to the edge. Central to his analysis are the oil wealth, endemic corruption, and elite competition that have undermined Nigeria's nascent democratic institutions and alienated an increasingly impoverished population. However, state failure is not inevitable, nor is it in the interest of the United States. Campbell provides concrete new policy options that would not only allow the United States to help Nigeria avoid state failure but also to play a positive role in Nigeria's political, social, and economic development.

As the "Giant of Africa" Nigeria is home to about twenty percent of the population of Sub-Saharan Africa, serves as Africa's largest producer of oil and natural gas, comprises Africa's largest economy, and represents the cultural center of African literature, film, and music. Yet the country is plagued by problems that keep it from realizing its potential as a world power. Boko Haram, a radical Islamist insurrection centered in the northeast of the country, is an ongoing security challenge, as is the continuous unrest in the Niger Delta, the heartland of Nigeria's petroleum wealth. There is also persistent violence associated with land and water use, ethnicity, and religion. In Nigeria: What Everyone Needs to Know®, John Campbell and Matthew Page provide a rich contemporary overview of this crucial African country. Delving into Nigeria's recent history, politics, and culture, this volume tackles essential questions related to widening inequality, the historic 2015 presidential election, the persistent security threat of Boko Haram, rampant government corruption, human rights concerns, and the continual conflicts that arise in a country that is roughly half Christian and half Muslim. With its continent-wide influence in a host of areas, Nigeria's success as a democracy is in the fundamental interest of its African neighbors, the United States, and the international community. This book will provide interested readers with an accessible, one-of-a-kind overview of the country.

An insurgency in Nigeria by the Islamist extremist group Boko Haram has left thousands dead, shaken Africa's biggest country and worried the world. Yet it remains a mysterious - almost unknowable - organisation. rough exhaustive on-the-ground reporting, Mike Smith takes readers inside the conflict and provides the first in-depth account of the violence and unrest. He traces Boko Haram from its beginnings as a small Islamist sect in Nigeria's remote north-east, led by a baby-faced but charismatic preacher, to its transformation into a hydra-headed entity, deploying suicide bombers and abducting schoolgirls. Much of the book is told through the eyes of Nigerians who have found themselves caught between frightening insurgents and security forces accused of horrifying brutality. It includes the voices of a forgotten police officer left paralysed by an attack, women whose husbands have been murdered and a sword-wielding vigilante using charms to fend off insurgent bullets. It journeys through the sleaze and corruption that has robbed Africa's biggest oil producer of its potential, making it such fertile ground for extremism.Along the way it questions whether there can be any end to the violence and the ways in which this might be achieved. Interspersed with history, this book delves into the roots of this unholy war being waged by a virtually unknown organisation, which is set to shape the destiny of Africa's biggest economy and most populous state - and perhaps affect the future of Africa.

From the renowned author of The African Trilogy, a political satire about an unnamed African country navigating a path between violence and corruption As Minister for Culture, former school teacher M. A. Nanga is a man of the people, as cynical as he is charming, and a roguish opportunist. When Odili, an idealistic young teacher, visits his former instructor at the ministry, the division between them is vast. But in the eat-and-let-eat atmosphere, Odili's idealism soon collides with his lusts-and the two men's personal and political tauntings threaten to send their country into chaos. When Odili launches a vicious campaign against his former mentor for the same seat in an election, their mutual animosity drives the country to revolution. Published, prophetically, just days before Nigeria's first attempted coup in 1966, A Man of the People is an essential part of Achebe's body of work.

"Things Fall Apart" tells the story of Okonkwo, an important man in the Igbo tribe in the days when white men were first on the scene. Okonkwo becomes exiled from his tribe, as a result of his pride and his fears, with tragic consequences.

A contemporary account of the traumas, dialects,and dynamics of Nigeria's distinctive political,economy. With an analysis located in Nigeria's,pre-colonial, colonial and neo-colonial history,the authors examine the dynamics of the various,pre-capitalistic communities of modern day Nigeria,emphasising the autonomy, creativity, and,alignments of social and political forces in,the,processes of market consolidation, state and class,formation.

WINNER of the Best International Fiction Book Award, Sharjah International Book Fair 2019 The lives of two Nigerian women divided by class and social inequality intersect when they're kidnapped, held captive, and forced to await their fate together. In the Nigerian city of Enugu, young Nwabulu, a housemaid since the age of ten, dreams of becoming a typist as she endures her employers' endless chores. She is tall and beautiful and in love with a rich man's son. Educated and privileged, Julie is a modern woman. Living on her own, she is happy to collect the gold jewellery lovestruck Eugene brings her, but has no intention of becoming his second wife. When a kidnapping forces Nwabulu and Julie into a dank room years later, the two women relate the stories of their lives as they await their fate. Pulsing with vitality and intense human drama, Cheluchi Onyemelukwe-Onubia's debut is set against four decades of vibrant Nigeria, celebrating the resilience of women as they navigate and transform what remains a man's world.
