Two girls test the strength of their friendship—and their hearts—over the course of a summer weekend in this “fun, fast-paced, and ultimately moving” (Booklist) novel perfect for fans of Morgan Matson and Rainbow Rowell. Ruby and Kaz’s friendship has always worked like a well-oiled machine. Ruby is loud and acts impulsively, while Kaz is quiet and plans ahead for every scenario. Together, they are two halves of a whole. But when the girls run into their ex-boyfriends at a music festival, they suddenly find themselves acting out of character and navigating uncharted territory. Afraid of letting each other down, both girls start keeping secrets—with disastrous consequences. Told in alternating perspectives between Ruby and Kaz, *Remix* is the story of two teenage girls fighting to hold on to their splintering relationships and rediscovering that true friendship—like love—is not so easily broken.

Heartbreaking, life-affirming, brave and bold - Karen Gregory's debut is a completely different kind of love story. 'Is there anything that's concerning you?' Felicity says. 'College, home, boyfriends?' Though she's more or less smiling at this last one. I don't smile. Instead, I feel my face go hot. Silence stretches as wide as an ocean. When I look up, Felicity has this expression on her face like she's just seen Elvis. Slowly, she leans forward and in a gentle voice I've never heard her use before she says, 'Have you done a pregnancy test?' When Hedda discovers she is pregnant, she doesn't believe she could ever look after a baby. The numbers just don't add up. She is young, and still in the grip of an eating disorder that controls every aspect of how she goes about her daily life. She's even given her eating disorder a name - Nia. But as the days tick by, Hedda comes to a decision: she and Nia will call a truce, just until the baby is born. 17 weeks, 119 days, 357 meals. She can do it, if she takes it one day at a time ... Heartbreaking and hopeful by turns, Karen
